

The Highest Good Guides

– To line up with the Highest Good –

– Remember –

Life is precious
The Earth is beautiful
We're meant to play
We're meant to be happy
Everything is all right if we believe it is
Good friends are better than gold
Our family is larger than we think
People are different but equal
Forgiving is its own reward
Freedom is inside us
Gifts are ours for the asking
Prayers and intentions work
See and feel your intentions manifesting

Miracles are our birthright
Trust gives us power
Ideals give us direction
Optimism gives us success
Moderation refreshes us
Communication connects us
Adversity corrects us
Non-violence heals us
It's all in the present time
It's all in perfect order
Love is all around us
We're more than we think we are
Oneness is our next step

The Highest Good will set us free
